

Yung Bleu, Kilo

I been touching on your body baby like a brand new Bugatti
Like a brand new Bugatti
Ducking and hiding the paparazzi you a hot commodity
I don't want you in those clothes get out of that
You ain't nothing like the hoes I'm holla'n at
You want a thug nigga and you got that
I wanna ball with you like I'm Scotty
I wanna slide with you in the 'rari
I know I cheated on you and I'm sorry
Won't play no games with you like Atari
I'm still that same nigga when you started
I'm still that same nigga that you love
I'm still that same nigga from the club

Yeah...

They tell you different they blurring your vision
But I'm on a mission to get it
I know I'm making you feel it
I got your legs to the ceiling
I'm tryin' to run up a millie
Don't want to give it to me acting silly
I got you actin all in your feelings
Give you the dick you feel it in your kidney
Give you the dick you feel it in your kidney

I'm tryna break you down like a kilo
We gotta keep it all on the d-low
I beat the pussy up like I'm D-Bo
I make you fall in love with the skilo
We hit a couple blocks in the Regal
You gotta keep it all on the d-low
Yeah...

Trap queen no fatty, Good hair no Becky
Inna a trap house where its deadly
We can fuck outside if you let me
Or we can ride around town in the slingshot
Or the old school whip with the T-top
If I ever get caught at the weed spot
Will you hold a nigga down with the green dot
Aye yo, keep It on the d-low
Fuck you real good to some Neyo
Glock in your hand at the peep hole
Hood bitch with a big ego
Go get the pack for a nigga
Then count up the racks with a nigga
Go gold get a plaque ya nigga
Grow old getting fat with a nigga
Aye yo word play, just like bird play
I'm a d boy you fell in love on the first day
I might buy you vvs's baby for your birthday
