

Yung Bleu, Know Who U Are

If they don't know (they don't know)

Turned up on these bitches, they gon' know who you is
You so independent, they gon' know who you is, yeah
They gon' know who you is, yeah yeah
If they don't know, yeah
They gon' know, they gon' know
Who you is, who you is
They gon' know just who you are baby

Let these bitches know that they ain't fucking with you
You know that I'm fucking with you, used to drive the bucket with you
Now we in a Lambo
Push start, automatic roof, my life a gamble
You can be the winner, cook me breakfast lunch and dinner
When I hop up out the Sprinter she gon' let me run up in her
Put your feelings in the blender and make love to me slowly
You be out here tripping when I'm hanging with the homies
Tell me you get lonely, stop the crying
I'ma take you shopping, treat you good like a vanity
Red lingerie, got me licking on your panty line
MC Hammer with the stick, I'm going hammer time
If you ever cross that line, it be over
Back to your heart like a gun in my holster
Too far away so I told you get closer, hey
So I told you get closer

Turned up on these bitches, they gon' know who you is
You so independent, they gon' know who you is, yeah
They gon' know who you is, yeah yeah
If they don't know, yeah
They gon' know, they gon' know
Who you is, who you is
They gon' know just who you are baby

They gon' know who you is
They gon' know who you is, yeah
They gon' know who you is, yeah yeah, yeah

Yeah, two hundred miles on the dash like a Nascar, oh
I got you in a moment right now, oh-oh

Don't wonder why them hoes looking, they just want to be you
Everything that they see you
