

Yung Bleu, Pussy Papa

Pop it, pop it

She gon' pop the pussy 'cause she know who I am
If you know who I am
Then gon' pop the pussy if you know who I am

Where you goin' with an ass like that?
You gon' break a lot of hearts like that?
She like, "Bleu, I love it when you do your voice like that"
I'm like, "Bitch, I love it when you do that arch like that"

She gon' pop the pussy 'cause she know who I am
If you know who I am
Gon' pop the pussy if you know who I am
If you know who I am

Put you in that Benz so you know just how it feel
You so fine, I'll probably put you in my will
Hands on your knees, you know the drill, girl, I miss it
Like when you squirt, I like it wet, I like it pissin'
I'm tryna make you cum until you lose your vision
Fuck you like I just got out of prison

Where you goin' with an ass like that?
You gon' break a lot of hearts like that?
You turn me on when you make your voice like that
And do that arch like that

She gon' pop the pussy 'cause she know who I am ('Cause she know)
If you know who I am
Then gon' pop the pussy if you know who I am (If you know)
If you know who I am
She gon' pop the pussy 'cause she know who I am (Am)
If you know who I am
Gon' pop the pussy if you know who I am
If you know who I am

Mobbin' with my bitch, she got on blue like the Crips
Swimmin' in that pussy, I'm the new Michael Phelps
Got no miles on it, that pussy new like my belt
She like, "Why the fuck I need a man if you not gon' help?"
That pussy bussin', I been in some shoot outs myself
You ain't got no money, you might just make a fool out yourself
I'm up like I'm on Adderall
That my lil' shawty on the low, she done done it all
Got so much money on the floor, I can't count it all
And that pussy put me to sleep, just like Tylenol

She gon' pop the pussy 'cause she know who I am ('Cause she know)
If you know who I am
Then gon' pop the pussy if you know who I am (If you know)
If you know who I am
She gon' pop the pussy 'cause she know who I am (Am)
If you know who I am
Gon' pop the pussy if you know who I am
If you know who I am
