

Yung Bleu, She My Plug

All I ask (jwestbeats)
Just be there whenever I need a dose

I got a plug
I got a plug, I got a plug, ooh, I got a plug
I got a plug, she give me love, oh, she give me love (She give me love)
When I need sex, she got it
She never runnin' up out it
She got a limited body
I got a plug, I got a plug, oh, I got a plug (I got a plug)
I got a plug, I got a plug, oh, I got a plug (I got a plug)
When I need sex, she got it
When I need sex, she got it

Keep it on request
Uh, uh, uh

I got a freak who gon' fuck on request
As I whip my hand right on top of your breast
We gon' need a napkin, I'm makin' a mess
I make her count it, she gettin' undressed
He can't do you look me, that nigga be pressed
I fucked on your cousin, I had to confess
Forgive me, I like to lay back and get blessed
Three bricks in your purse 'cause I had 'em compressed
I'm sorry I gave you a bad address
Baby, I know I'm a bad actor
You fuck on me just like you had practice
Ooh, she call me Bleu, I know what to do
Baby girl, you know the procedure
I'ma hit you back when you re-up

I got a plug
I got a plug, I got a plug, ooh, I got a plug
I got a plug, she give me love, oh, she give me love (She give me love)
When I need sex, she got it
She never runnin' up out it
She got a limited body
I got a plug, I got a plug, oh, I got a plug (I got a plug)
I got a plug, I got a plug, oh, I got a plug (I got a plug)
When I need sex, she got it
When I need sex, she got it

(I need that)

Rich nigga, you just fell for a rich nigga
I ain't gon' lie to you
I can't spend time with you
Ain't nobody fine as you
But I gotta keep you on the back burner
If my bitch find out, she gon' kill me
Got a lot of bitches that I treat like a late-night snack, get a lil' piece
I shouldn't've got you in this position
Should've kept you away just like social distance
I said no, but that body was so convincing
Beat it up and I left it in poor condition
You got money, I know that you self-sufficient
Had you down on your knees on my second visit

I got a plug
I got a plug, I got a plug, ooh, I got a plug
I got a plug, she give me love, oh, she give me love (She give me love)
When I need sex, she got it
She never runnin' up out it

She got a limited body
I got a plug, I got a plug, oh, I got a plug (I got a plug)
I got a plug, I got a plug, oh, I got a plug
She never runnin' up out it
She got a limited body
