

Yung Bleu, Too Many Friends

I was on the block too young
It's a beef, when I'm out two guns
What to do when you steal on the block twosome
When you're tryna make a sale but he won't do none'
My niggas kickin' it, I'm water whippin' it
I had the flavor, I put a lil drip in it
Went to jail for some shit, I was innocent
My baby mama, she tryna diminish me
I took my life and I put it on wax
I got the chopper I aim it at hats
What would you do if you fucked up the pack
It was all that you had and you can't make it back?
Yeah I remember too many times, I remember too many times
Yeah yeah, yeah
I ain't never got a cent for you niggas so don't be actin' like I owe ya
How you hard but you let a nigga take your sack, lil nigga ho ya
You a pussy nigga, oh yeah
Should've knew it when you niggas ain't bust back
Said you was out of bullets nigga, what's that?
I ain't really got time, I'm just that yeah

Baby I got too many friends
Need somebody gon' ride 'til the end
Baby I got too many friends, yeah yeah
I heard some niggas had beef
Got this money, I got it out the street
Young nigga gon' take your plate if you don't eat
These young niggas gon' take your plate if you don't eat
I heard some niggas had beef
Got this money, I got it out the street, yeah yeah
Young nigga gon' take your plate if you don't eat
These young niggas gon' take your plate if you don't eat

Whole lotta gang shit, whole lotta gang shit
Different day, same clique
Same bitches on my dick
Same niggas in the hood
Who hated 'cause I elevated and got to the paper
Look at this grind and look at this cash
You gon' get paid or sit on your ass?
If you try to take it I swear that's your ass
I put my life on my line for this Jag
I put my life on my line for this bag
You crashin' out and you goin' out sad
I'm not gon' fuck it up if it's my last
You not the plug, you the middle man
I'm stayin' up to feed my little man
I wish this money could be here again
We was waitin' on LeBron
Steph Curry, Draymond
Used to ball like the sun
Lost my lil brother, bet his lil son
Dropped out of school, would've made a lil funds
Niggas started hatin', had a couple of guns
Plus my brother on the run

I heard some niggas had beef
Got this money, I got it out the street
Young nigga gon' take your plate if you don't eat
These young niggas gon' take your plate if you don't eat
I heard some niggas had beef
Got this money, I got it out the street, yeah yeah
Young nigga gon' take your plate if you don't eat
These young niggas gon' take your plate if you don't eat

Whole lotta gang shit, whole lotta gang shit
Whole lotta gang shit, whole lotta gang shit
Whole lotta gang shit
