

# Yung Bleu, Water Works

Let my diamonds hit like waterworks  
Lil bitch broke? All day  
She gotta swallow first  
Can't put these hoes first  
Gotta put a dollar first  
I just bought a wraith  
And I'ma show money  
Got rich by playing my cards right  
She sucking it under the stars right  
My nigga drove down in broad light  
Don't give no fuck  
Oh you ain't heard  
'Bout that nigga who tried  
He lost his life that night  
Oh you ain't heard  
I paid a nigga to slide  
And I upped the price that night  
That pussy do wonders  
Fuck me and Gunna  
Head in the hummer  
I need more condoms

I ain't a honest man  
Not to your honor  
My bankroll rubberbands  
I keep them numbers  
Matrix when I sip  
I keep me a bag of chips  
Put a outfit on that (Sorry)  
I'm cool on her, it's stiff  
Had to buy that bitch an apartment  
Just to move her out my crib  
Don't think you keeping that Maybach  
Go outside and catch a lyft  
She said, "Gunna, why you say that?"  
I said "Bitch, don't test my temp"

We got it out the dirt  
And although boy, you took his spot
