

# Yung Bleu, We're Undone

I never meant to make you upset (Upset)  
Just sittin' here looking back, it's pure regret (Regret)  
When I look in your eyes I see the sun (The sun)  
And I can't let you go 'cause we're undone (Undone)  
Cry on my shoulders  
Cry on my shoulders  
Cry on my shoulders  
Cry on my shoulders

I like spin 'round on that dick  
She say "damn skip it"  
She gon', she gon' do it quickly  
Bitch you make me mad you make me click, and that's bad business  
Come and get me turned up, get me lit  
Get off your bag [?]  
I blew a bag in [?]  
Oh, you know stay hard from start to finish  
You know I got the key to your ignition  
I might start your engine  
Like vroom, vroom, we go boom, boom in the bedroom  
Brand new Lamborghini Aventador ain't got no leg room

I never meant to make you upset (Upset)  
Just sittin' here looking back, it's pure regret (Regret)  
When I look in your eyes I see the sun (The sun)  
And I can't let you go 'cause we're undone (Undone)  
Cry on my shoulders  
Cry on my shoulders  
Cry on my shoulders  
Cry on my shoulders

She was tatted up  
Let's leave the club if you want me bad enough  
Still hopin' that you love me that way  
Hope you ain't give my loving away, (Away) yeah, yeah  
You ain't been gone that long, ooh  
But you've been gone too long, come through  
I don't understand how you make it sound so easy  
Sounds so hard, but I guess I gotta see from your part on me

I never meant to make you upset (Upset)  
Just sittin' here looking back, it's pure regret (Regret)  
When I look in your eyes I see the sun  
And I can't let you go 'cause we're undone (Undone)  
Cry on my shoulders  
Cry on my shoulders (Cry on my shoulders)  
Cry on my shoulders (My shoulders)  
Cry on my shoulders

Go on and cry, cry  
Go on and cry, cry  
Cry on my shoulders  
My shoulders  
Cry on my shoulders  
Cry on my  
Go on in
