

# Yung Bleu, What It Seems

Everything ain't what it seems  
I heard some niggas wanna take me  
I heard some niggas wanna shake me

These lil' niggas claim they so real  
I was still gettin' money with no deal  
I was livin' this street shit for real  
I was livin' this street shit for real  
I put all my niggas on from the can  
I'm pullin' these triggers, I ain't fuckin' playin'  
I'm droppin' this pressure, I'm high in demand  
I'm hopin' my little ones understand  
That I'm far from perfect  
I need your love, but I don't deserve it  
I'm still a thug in all my verses  
I'm sellin' drugs in all my verses  
I can love you from afar  
I see you startin' with that pussy shit  
So I'ma go on and let you ride, nigga, for real

Everything ain't what it seems  
I heard some niggas wanna take me  
I heard some niggas wanna shake me  
I can't let these niggas break me  
Everything ain't what it seems  
I heard some niggas wanna take me  
I heard some niggas wanna shake me  
I can't let these niggas break me, no, no, no

I don't fit in with these superstars, niggas be strange  
Fuck what you talkin' in a rap, I can tell that you lame  
Fuckin' right I'll do a song with you, throw me some change  
My nigga switched up from the dick up, I can tell that he changed  
And now he fuckin' with the opps, and he know I'm insane  
I'll make that chopper come in here and every nigga it rain  
I won't stop 'til every nigga 'round feelin' my pain  
And I won't stop 'til every nigga 'round feelin' my pain  
The streets, they take a soul from a nigga  
Streets, they take a soul from a nigga

Everything ain't what it seems  
I heard some niggas wanna take me  
I heard some niggas wanna shake me  
I can't let these niggas break me  
Everything ain't what it seems  
I heard some niggas wanna take me  
I heard some niggas wanna shake me  
I can't let these niggas break me, no, no, no
