

Yung Bleu, What Type Of Games

(All I want is...)

(All I want is...)

(Murda on the beat so it's not nice)

Type of games is bein' played
How's it goin' down
If it's on 'til it's gone
Then I gots to know now
Is you with me or what
Think I'm tryna get me a nut
Cause honey tryna give me the butt
What?
I'm politician' with this chicken wondering if ima creeper
Lil' hoodrat bitch took her to the mall and got some sneakers
You lied to me told me yo' name was Keisha
Can't trust the bitch but damn I'm tryna freak her
That dick gon' knock you out like anesthesia
Ohh I know it that pussy so tight
Lookin' at that ass make me wanna do something tonight
But I know right when I see right
Shawty look like she tight

If ever told you that I love you, then I mean it
Know she a demon on the road that pussy got me feenin'
Ay what's the meanin'
We can reconvene at your convenience
Go back to my apartment, I go hard I won't be lenient
Like she went to Harvard
She gon' give me brain like she a genius
My phone keep ringin'
It's you again
Can't believe that I'm fuckin' with you again
Leave a voicemail baby it's Bleu again
She don't answer I leave a message like 'What the fuck!'

'Cause all I (All I want is you)
Baby I like (All I want is you)

I'm fucked up when you not around
Handle my business out of town
When I get back you know it's goin' down
He ain't know what he had I found you in the lost and found
Say he had you stressed out lost a couple pounds
Just off the strength since that's yo' kids daddy
I ain't gon' fuck him up and put him in that big Cadi
But let him know
I'm plantin' seeds so a flower can grow
Can't see nobody else 'cause you what I want
And it's one of those nights
I need sexual healin'
Can you come through and make an appearance
And stop disappearin'
New Maybach with the power steerin'
We float when we ride
Yen gotta tell me you love me I know what's inside
