[Hook]

Ice dropping, red bottom sky  
Intrigued by the moment, look like she know why

[Verse 1]

Soldiers in the night and we lurking  
Medieval flowers in my church, we working  
I'm in the bottom, let's be silver surfer surfing  
I lived a thousand lives, but I'm still searching (where they at?)  
Broken glass in my hands, sister's twerking  
Money on the floor and she nervous  
Paint a picture like Van Gogh, I'm cursed man  
Skrrt skrrt to the moon, bitch, I'm swerving (skrrt)  
Hit the curve and my shit [?] hurting  
I was down, so deep down but time's turning (darkness on my)  
Darkness in my mind, flip the mattress, I got dough  
Harvest on my line, I live the story I was told

[Hook]

Ice dropping, red bottom sky  
Intrigued by the moment, look like she know why  
Ice dropping, red bottom sky  
Ice on my feet, I keep slipping (slipping away)  
Ice dropping, red bottom sky  
Intrigued by the moment, look like she know why  
Ice dropping, red bottom sky  
Ice on my feet, I keep slipping (slipping away)

[Verse 2]

I heard shooters on the roof, yeah they're trynna shoot you  
I'm in a dark room, candles singing hallelujah  
You think I'm gone too much, well, I think I suit you  
You say I'm in my mind too much, well, I know that suits you  
I lost everything, only thing I'm scared is to lose you  
I heard voices in my head, yeah, they whispered to us  
Paranoid, sledgehammer, that's my Ruger  
Woke up, realized I had to move up  
Worked myself away everyday, now my loot up  
But the truth is, I wish I never knew us  
God of violence, pink dreams in my two cup  
I've told you this was gonna end, but I fooled you

[Hook]

Ice dropping, red bottom sky  
Intrigued by the moment, look like she know why  
Ice dropping, red bottom sky  
Ice on my feet, I keep slipping  
Ice dropping, red bottom sky  
Intrigued by the moment, look like she know why  
Ice dropping, red bottom sky  
Ice on my feet, I keep slipping

[Bridge]

Feels like I'm walking on water, not wine  
Cut off my fingers to touch your smile  
Feels like I'm walking on water, not wine  
Cut off my fingers to touch your smile

[Hook]

Intrigued by the moment, look like she know why
