

# Yung Ralph, Dat's Da Move

[Hook:]

My wet paint leave a stain in the streets  
Give me 16 bars I leave a stain on the beat  
My wet paint leave a stain in the streets  
Give me 16 bars I leave a stain on the beat  
Now that's the move (that's the move) now that's the move (that's the move)  
Now that's the move (that's the move) now that's the move (that's the move)  
Now that's the move (that's the move) now that's the move (that's the move)  
Now that's the move (that's the move) now that's the move (that's the move)

[Verse 1:]

My candy paint leave a stain in the streets  
In the bed, yea I leave a stain on the sheets  
And literally, these haters can't compete  
I'm not in it for the fame, man my family gotta eat (I need guap)  
I was down for a while deep in the whole  
Now it's bye bye to the struggle cause I climb a tall mold  
I call zae, tell him make me another beat  
I hear it then I rip it then I take it straight to greg street  
I hear it then I rip it then I take it straight to greg street  
Hear it then I rip it then I take it straight to greg street  
Hear me on the radio these girls gon crazy  
Hoes I never touched sayin they pregnant with my baby  
All I know about is work work work  
Sit back, bust a swisher, roll purp purp purp

[Verse 2:]

Hit the club 50 deep got some 1s out  
I can make it rain dawg even when the suns out  
A lot of people hate me, a lot of people like me  
Some wanna shoot me some wanna fight me  
It don't matter dawg guns I bust  
I know I'm protected in god I trust  
I got that monkey on my back tol him get lost  
Now I hustle everyday like rick ross  
In the studio murkin them beats  
O-zs int he pounds I be murkin these streets  
I scream let's get it like jeezy them  
I'm a money maker dawg like teezy them  
Hit my phone up I stay on line  
Keep work well connected like the phone lines  
Gotta stunt I was down for a long time  
Girls wanna holla now gotta stand in a long line
