

# Yung Ro, The Conversation

(Yung Ro - Talking)

Sheeeit I feel what you saying  
It just wouldn't work out though  
Ya know  
Yeah I feel that, I done heard that before  
Ya know  
I feel that, I feel you but can you feel me  
Listen to the song though ya know  
Fuck the song, let's just come and do the song  
But listen to it  
Look, ay

(Yung Ro)

Say lil mama, I'm the type that just like to kick back  
But Just being on the phone, I don't like to chit chat  
I got other shit to do than just holding the phone  
Cause I been grown for a minute, out here holding my own  
I got stress, niggaz plexing and I'm trying not to kill  
But you soft and you a woman, and sometimes I wanna chill  
I get depressed start smoking, and start wrecking my mind  
Shit I'm just telling you some things that's on the back of my mind  
Now some niggaz smoke, and they drink too much  
But can you imagine a nigga who think too much  
I got problems, multiplied by fifty  
And I can't solve none of them, so I need you quickly  
I want a ride or die chick, who won't know and learn fast  
And I don't got nowhere to go, but we can ride and burn gas  
Have you ever been to the beach, on a late night trip  
Or had a nigga to kiss you, and slowly bite you're lip  
Girl what you mean you don't know how to kiss  
Do you make love, or do you just fuck his dick  
Baby damn, you got to listen  
Between sex and love, is a very big difference  
Now that nigga made you, a prone of his  
But when it come to a kiss, he won't go on ya lips  
Close ya eyes, and picture you corressing me  
Don't get me wrong, it ain't all about sex with me  
Because me and you know, what my mind can do  
But you don't know how hard it was finding you  
Now making you understand, is what's getting to me  
Baby close you're eyes and just listen to me  
I know people feel, what they don't understand  
And that's the only reason why I can't be ya man  
And I know you got a man, and I ain't telling you to start switching  
But I know I'm right, when I say theirs something missing  
And I know something else, you care about him right  
And you thinking it just wouldnt be right  
But can you tell me whats right or wrong, and what that got to do with it  
See what I'm saying, what love got to do with it  
Cause if you ain't happy, you just letting time pass  
And you can still get any nigga with you're sexy ass  
Ha and that's from Yung Ro, you can't lie and say you don't like the way I flow  
So you can tell him how you feel, and come fuck with Ro  
Or I could be ya back up, and keep it on the low  
But if he find out and wanna cuss, fight and shout  
Tell him to call me and I can help his dumb ass out  
Ha don't get me wrong, I ain't gonna beat ya man up  
But tell him what's really on ya mind, and heat ya man up  
All I can do is tell him what I see in life  
Tell him respect his woman, just a little advice  
Tell him I know it's his house too, so I ain't gonna come in ya place  
He gonna tell me to quit calling, and hang up in my face  
Haha now what do you call that?  
Ha you know me, I got to call back

Say what's up nigga, tell me how in the fuck you figure  
I'm a quit calling, stop and ignore  
When I see the same thing that you saw in her and more  
I'm a tell ya stupid ass what the fuck is going on  
Ha the minute she gave me the number to this phone  
Haha I'm a tell you like this, in my mind dawg you didn't even exist  
But in her's yeah you did, yeah she was thinking about you  
Yeah she looked me up and down, and gave me the number to who  
Ha now I'm a be real and say you got the upper hand  
See all I got is curiosity, you got time on ya hands  
You gonna tell me not to call, say listen up dawg  
If you was handling ya business, she wouldn't accept my calls  
Uh! what in the fuck is you gon' do  
Get off the phone with a pimp, and continue to argue  
Aha ha you still don't see  
Everytime you fuck up you make it better on me  
Now you gotta make a decision dawg, what you gonna choose  
You ain't ready, and I can tell you gonna lose

(Yung Ro - Talking)

Aha gyeah fuck is you saying kid  
Aha a woman gonna be a woman  
A- and I guess a man gonna be a man, huh?  
But you already know what that do  
You know the game we play  
You just got caught, pimp  
That is what you call yaself right? ha pimp  
It is still cool to call you pimp right? pimp  
Ha, but look out though mama  
Don't mind what going on between me and him  
Ya know I wanna offer you some insurance  
You know, I know it's cool ya know you scared to love somebody  
Love nobody ya know, I know you got you're heart broke before  
And I know scars talk ya know  
I understand that, and you want something reliable and something solid  
I'm that, nobody baby ya know  
Fuck nobody you're still a virgin  
Huh can you dig it baby?  
Well get at me I been looking for ya and ya late
