

YUNGBLUD, fleabag

I'm just a fleabag,
Nobody loves me
Send me to rehab,
Somebody touch me

I wanna turn back time
I wanna fix the way I was designed
Crawl behind my eyes
And kill my stale state of mind

I fade and fade
And every time I try to change, to change
I stop!

I'm just a fleabag,
Nobody loves me
Send me to rehab,
Somebody touch me
I am not your money
I am not your puppet
I'm just a fleabag,
Nobody loves me at all!

Hey, hey
Nobody loves me
Hey, hey
Nobody loves me

I dance around the truth
I'll be a ballerina bay for you
No matter what i do
You twist my words and get confused

S o i fade and fade
And every time i try to change
To change
I stop

Cause I'm just a fleabag,
Nobody loves me
Send me to rehab,
Somebody touch me
I am not your money
I am not your puppet
I'm just a fleabag,
Nobody loves me at all!

Hey, hey
Nobody loves me
Hey, hey
Nobody loves me
