

YUNGBLUD, Strawberry Lipstick

This is a song about a person i love

I've got a toxic attitude and lack self control
A reasonably fucked up individual
Need you to celanse my sish so i can go to school
Please

They're gonna lock me in the closet but i'm coming out
Saying fuck all teh oppression and the self doubt
I am gonna bite all of your fingers
Put 'em in my mouth
I am on my knees

So take it easy
take it easy, take it easy, girl
take it easy, take it easy on me
i know you're so hard to please
just take it easy, take it easy on me

she got
she got my heart in her hands like a headlock
i can't see straight
10 second past 5 o'clock
I don;t know wjan she's doing
Bur she'll do me wong
She's such a tease
She holds all the power in her fingertips
She's gonna suck on my strawberry lipstiks
I cannot breathe /2x

So take it easy
take it easy, take it easy, girl
take it easy, take it easy on me
i know you're so hard to please
just take it easy, take it easy on me
