

# Yvonne Catterfeld, Superwoman

I ain't your superwoman  
Hey, baby I gave you everything of me  
But no, everything is not enough for you  
I, try to explain but you don't seem to understand  
That, I can not give you  
more than my two helping hands  
I can't be your superwoman  
Can't you see, it's killing me  
No I can't be your superwoman  
Find someone else who can be...  
Hey, tell me just one good reason  
I should stay with you  
Cause boy, I can not see that  
when your acting like you do  
I'm fed up with this misery  
I know I deserve more  
Than being treated like your maid  
Your making my heart sore  
Chorus:  
I can't be your superwoman (your superwoman)  
Can't you see, it's killing me  
No I can't be (it's killing me, baby) your superwoman (your superwoman no)  
Find someone else who can be  
I ain't your superwoman  
Why can't you see it's killing me  
I ain't your superwoman  
(ain't your superwoman no)  
Why can't you see it's killing me  
I can't be your superwoman  
Can't you see (yeah), it's killing me  
(killing me baby)  
No I can't be your superwoman  
(your better fast someone else)  
Find someone else who can be  
I ain't your superwoman  
(I ain't your superwoman)  
Why can't you see it's killing me  
I ain't your superwoman  
(I ain't your superwoman, no no)  
Why can't you see it's killing me (no, no, no)  
I can't be your superwoman  
Can't you see, it's killing me  
(it's killing me baby)  
No I can't be your superwoman (wooo, yeah...)  
Find someone else who can be  
I can't be your superwoman  
(your superwoman)  
Can't you see, it's killing me  
No I can't be your superwoman  
Find someone else who can be  
I ain't your superwoman (yeah)  
Why can't you see it's killing me...
