## Zakk Wylde, Dirt On The Grave

Ashes fly ashes burn
The sun is black ain't no return
Ashes fly ashes burn
Over and over ain't no need to learn

It's all dust on dust It's all you and me Out done completely out played Just shovel some more dirt on the grave

The choices you make and the choices that are When hell is so close and heavens so far Ashes fly and ashes burn Over and over ain't no need to learn

It's all dust on dust (It's all dust on dust) It's all you and me (It's all you and me) Out done completely out played Just shovel some more dirt on the grave

It's all dust on dust (It's all dust on dust) It's all you and me (It's all you and me) Out done completely out played Just shovel some more dirt on the grave
