

Zakk Wylde, Faith Is Blind

Faith is blind
Carry it to the end
Faith is blind
All I've done and said

Feed them the lies
For that's all they want to see
Crawl in your grave
I'm your Lord of Reality

Faith is blind
Follow me to the black
Faith is blind
Your demise is where your at

Feed them the lies
For that's all that they wanna see
Crawl in your grave
I'm your Lord of Reality

Feed them the lies
For that's all that they wanna see
Crawl in your grave
I'm your Lord of Reality

(Guitar solo)

Faith is blind
Carry it to the end
Faith is blind
All I've done and said

Feed them the lies
For that's all that they wanna see
Crawl in your grave
I'm your Lord of Reality

Feed them the lies
For that's all that they wanna see
Crawl in your grave
I'm your Lord of Reality
