

# Zakk Wylde, Hey You (Batch Of Lies)

Out of touch  
You're out of time  
Left alone  
Yourself to find  
Bound & chained by your silence  
Things to be known  
If it awakens,  
Just Where..  
Where Will It Go Now?

Hey, Hey You  
What ya gonna do?  
When you open your eyes  
And you realize  
Hey, Hey You  
What ya gonna do?  
When you open your eyes  
And you realize  
That batch of lies was really the truth

The Paranoia  
The fear they're your friends  
Wish to hear nothing  
While seeing all the same  
Bound & chained by your silence  
Things to be known  
If it awakens,  
Just Where...
