

# Zakk Wylde, Stoned And Drunk

Disillusioned, pure confusion,  
where I'm rolling, never never knowing  
Walkin' minefields, all is surreal,  
where I'm rolling, never never knowing  
Walked out of my mind,  
don't wanna find, whatever's left  
Poppin' pills and drinkin' booze,  
smokin' everyday  
Stoned and drunk completely gone,  
my world is here to stay

Ain't no silence, constant violence,  
where I'm rolling, never never knowing  
Demolition, crucifixion,  
where I'm rolling, never never knowing

Walked out of my mind,  
don't wanna find, whatever's left  
Stoned and drunk completely gone,  
my world is here to stay  
Hide my fears and kill my doubts,  
whatever's in my way  
Poppin' pills and drinkin' booze,  
smokin' everyday  
Stoned and drunk completely gone,  
my world is here to stay

Walked out of my mind,  
don't wanna find, whatever's left  
Stoned and drunk completely gone,  
my world is here to stay  
Hide my fears and kill my doubts,  
whatever's in my way  
Poppin' pills and drinkin' booze,  
smokin' everyday  
Stoned and drunk completely gone,  
my world is here to stay
