==English translation==

At dawn come the clouds
In spring bloom the flowers
Everybody woos their lovers
Don't fall rain, don't
Don't blow crazy wind, don't
My lover is on his way
Everybody woos their lovers
Don't fall rain, don't
Don't blow crazy wind, don't
My lover is on his way

Piece by piece a cloud comes
Four white and four black
For you my heart aches
Don't fall rain, don't
Don't blow crazy wind, don't
My lover is on his way
For you my heart aches
Don't fall rain, don't
Don't blow crazy wind, don't
My lover is on his way

The cloud comes, into smoke turns
Over plains and mountains wanders
I am made miserable by my tears
Don't fall rain, don't
Don't blow crazy wind, don't
My lover is on his way

I am made miserable by my tears
Don't fall rain, don't
Don't blow crazy wind, don't
My lover is on his way
