My heart with longing burns
It burns and burns and burns
My heart with longing burns
It burns and burns and burns
Once my heart would fly high
Now it flies low and burns

Between us are snowy mountains
In my heart longing settles
Around me misfortune reigns
My heart is lifeless without you

My eyes bleed with tears
In my heart longing settles
Around me misfortune reigns
My heart is lifeless without you

You said you'd come back but you did not
Enquire about me you did not
You said you'd come back but you did not
Enquire about me you did not
Treat my wounds you did not
My heart is lifeless without you

Between us are snowy mountains
In my heart longing settles
Around me misfortune reigns
My heart is lifeless without you

My eyes bleed with tears
In my heart longing settles
Around me misfortune reigns
My heart is lifeless without you

Between us are snowy mountains
In my heart longing settles
Around me misfortune reigns
My heart is lifeless without you

My eyes bleed with tears
In my heart longing settles
Around me misfortune reigns
My heart is lifeless without you
My heart is lifeless without you
