

Zara Larsson, Love Me Land

Never though i would love again
Here i am , lost in Love me land

How dare you have lips like that?
How dare you go and kiss like that?
How dare you make use of it?

Touch me in the way that you do
No matter who's in the room
I see you sweatin' when you feel it
Growin' Fuller, baby
Touch me in the way that you do
No matter who's in the room
I see you sweatin'

Never though i would love again
Here i am in love me land
Never though i would love again
Here i am in love me land

Losy in your vocabulary
Got our own vocabulary
Take me home
Don't call me Mary

Touch me in the way that you do
No matter who's in the room
I see you sweatin' when you feel it
Growin' Fuller, baby
Touch me in the way that you do
No matter who's in the room
I see you sweatin'

Never though i would love again
Here i am in love me land
Never though i would love again
Here i am in love me land

Lipstick stain your soul
So when you feel it
Grow Fuller, baby
Can't contain my bones
So when you feel it
Grow Fuller, baby

Never though i would love again
Here i am in love me land
Never though i would love again
Here i am in love me land
