

Zascha Moktan, Like U Do

When I saw your face I knew by there
You crossed your smile on me
Gained my puls a fresh new beat
It was something special in the air
Can't take my eyes off of you
Now I know exactly what to do
Hold this moment and stop the time
(Hold it, feel it)
Come on, take my hand
We will walk through this beautiful night
No one loves me like you do
Oh, it's driving me crazy
No one touches me like you do
So come a little bit closer
Oh, baby like you do
You checked me up and then you stole my heart
Check me here, check me there
I just don't care, let's do it everywhere
I can dream about you all night long
Can feel your breath on my skin
Don't wanna miss you again
Hold this moment and stop the time
(Hold it, feel it)
Come on, take my hand
We will walk through this beautiful night
No one loves me like you do
Oh, it's driving me crazy
No one touches me like you do
So come a little bit closer
Oh, baby like you do
You checked me up and then you stole my heart
Check me here, check me there
I just don't care, let's do it everywhere
When you kiss my lips so tenderly
Whenever you cite the poetry
Those feels are free...
Babe I miss you so much when we're apart
All these other guys - fools
I look at them and what I want it's you
'Cause no one makes me feel like you do!
No one loves me like you do
Oh, it's driving me crazy
No one touches me like you do
So come a little bit closer
Oh, baby like you do
You checked me up and then you stole my heart
Check me here, check me there
I just don't care, let's do it everywhere
