"Hi, George"  
Hello George W.  
Listen to me please  
Take a little time just for yourself  
Go take your dog for a Walk  
Sit with your family and talk  
Just - please - get better and just be yourself

Ohh, Ohh, George W.  
Ohh, Ohh, George W.

Go out once more to the shops  
At the brothel drink some schnapps  
On the White House you can turn your back  
Rent a yacht and learn to sail  
With some friends you can catch a whale  
We all need peace and quite and so do you

Ohh, Ohh, George W.

Pick a book and read again  
Learn the guitar and write a song  
Maybe about evil governments  
Close yourself up in your house  
Just let your hair down again  
When we need you we'll simply let you know

Ohh, Ohh, George W.
