you thought you had me, didn't you  
when you lied to my face  
I couldn't see the truth  
evry step with the way I knew  
how you fooled me, boo

guess you didn't know that  
you're my favorite entertainer  
I watch you  
and lough with and fxxx with you  
don't you take me for a fool  
in this game, I won the rules

you're my favorite entertainer  
I watch you  
and lough with fake it too  
don't you take me for a fool  
I'ma show you a thing or two

never seen you coming  
I'll turn you down  
when you need me the most, I'll turn you  
when you need me the most, I'll turn you down

when you lied to my face  
I couldn't see the truth  
every step with the way I knew  
how you fooled me, boo

thought that you were smarter  
I'm ashamed for you  
I knew it right away when you stopped loving me  
it happened when you touch wasn't enough for me

thought that you should know that

know it's harder to take and let's face it  
no one's playing your games, let's face it  
I'm being straight up  
I know fake love when I see it anyway  
I'ma turn you down when you need me anyway, anyway

never seen you coming  
I'll turn you down  
when you need me the most, I'll turn you  
when you need me the most, I'll turn you down

I know you need me the most
