

Zayn Malik, No Candle No Light (feat. Nicki Minaj)

hang on your hand
chet on yur chest
tangled in bed
but I'm feeling you less
why do you make believe
why do you sell me dreams
sms in the morning light
we gotta we gotta we gotta face it
the fire the fire aon't no longer blazin

I;I woke up on the wrong side of ya
you don't even know that I left do ya
can't handle my love
can't handle your lies
no friend zone to my love
quit burning all of my time
I;I woke up on the wrong side of ya

no candle no light for you /3x

I can't do it, no baby, I can't do it
I only end up losing
we're really fooling this
agree to disagree something aren't meant to be
but I wanted you and me
sms in the morning light
we gotta we gotta we gotta face it
the fire the fire aon't no longer blazin

I;I woke up on the wrong side of ya
you don't even know that I left do ya
can't handle my love
can't handle your lies
no friend zone to my love
quit burning all of my time
I;I woke up on the wrong side of ya

no candle no light for you /3x
we gotta we gotta we gotta face it
the fire the fire aon't no longer blazin

no candle no light for you /3x
