

Zazie, All i need

Drop the beat
Too much gone of the day
Yeah you were on your way
Said there was nothing I could say
And I got the drop on you
I see what you do
Just wanna see you run me through
And I don't wanna let you leave
Don't wanna believe that you lied and tried to deceive
Not gonna be alright
Without you
You are all I need!
If you're leaving, take me with you
I don't wanna start something new
Life's a maze and I'm lost without you
I don't wanna take another drink
I don't wanna think
I just wanna watch you sleep with me
Tell me are you free now that you got yourself far away from me
And I feel like I'm ???
You're pulling me down when you ???
And I can't touch the ground
I'm not gonna be alright
Without you
You are all I need!
If you're leaving, take me with you
I don't wanna start something new
Life's a maze and I'm lost without you
I never saw the day
Take a look back and one day you will see
You are the one that was meant for me
And all the bad seems to fade with time, well it's all in your mind
Why don't you lay your face down on the floor
I won't be around anymore
I won't do that I won't do that
You watch out
You are all I need!
If you're leaving, take me with you
I don't wanna start something new
Life's a maze and I'm lost without you
