

Zazie, Hate

Why's this motha fucker looking at me
is it something more than he wants to see
i got a gun and it's mother fuckin loaded
one more look and your daddy blows it because
all the shit you disgust me, and i hate you
because your not like me

so

me and my boy beat him down
3 against one, man he's a clown
so i never had a fuckin education
sell a little drugs, to battle inflation
sleep with a girl that i sometimes pay
fuckin, better than being fuckin gay anyway
see one walking and it makes me mad
this i learned from dear old dad
hate all the things you don't understand [x2]

well

i hate all the things i don't understand [x6]

nurtured with a fist

sharp instead of a kiss

glare instead of a weightless aginity

boy don't fuckin think

hate him because he's gay

see there's a lift when the mother fucker waits on you

because i hate what i am

hate what i am

i'm a man [x4]

man

i'm a man [x4]

man

i'm a man
