

Zbigniew Wodecki, Give It A Moment

You write to say that life is just an old gift
from God to lead us to unknown
Yet I believe that we are here to prove that
the road we're taking is the one

So give it a moment
Give it some time to lead you through
Give it a sign
to make you more than you can do
So give it a feeling
Give it some irony and joy
Give it some fame
for kind of things you do for love

How long you think it takes to reach your heaven
for peace, benignity of time
Well I believe that we are here to know that
for sure there's somewhere else to find

So give it a moment
Give it some time to lead you through
Give it a sign
to make you more than you can do
So give it a feeling
Give it some irony and joy
Give it some fame
for kind of things you do for love

Give it a moment
So give it a feeling
For love
For love
Kind of things you do
For love
