

# Zebrahead, Blindsight

Hey man, are you doing alright?

Is that noose around your neck tied on too tight?

Ha ha, told you so

You got sucked undertow

One last chance to let the shit go

Get away get away, it's a raw deal

Down play, disarray it's a third wheel

Unplay everyday to know what's real

Mayday, mayday lost your ideal

There is no ideal

Feel me

High impact blindsight tonight

When I was young, never compromised

Low impact blindsight tonight

When I was young, never had to try

Blindsight, woah

Blindsight, woah

Blindsight

Hey man, have you been up all night?

Do you got to get numb so you can feel right?

Ha ha, told you so

Too high, vertigo

One last chance to let it all it all go

Get away get away, it's a raw deal

Down play disarray, it's a third wheel

Unplay everyday you know what's real

Mayday, mayday lost your ideal

There is no ideal

Feel me

High impact blindsight tonight

When I was young, never compromised

Low impact blindside tonight

When I was young, never had to try

Blindside, woah

Blindside, woah

Blindside

And the shot took a piece of me

Fade in, fade out, if that's what you got

Flash flood focus over me

Fade in, fade out, if that's what you got

And the shot took a piece of me

Fade in, fade out, is that what you got?

And the shot took a piece of me

Fade in, fade out

And the shot took a piece

Fade in, fade out

Of me

High impact blindside tonight

When I was young, never compromised

Low impact blindside tonight

When I was young, never had to try

High impact blindside tonight

When I was young, never compromised

Low impact blindside tonight

When I was young, never had to try

Blindside, woah

Blindside, woah

Blindside, woah

Blindside

Blindside

Blindside
