

Zebrahead, In My Room

I've got girls, they're in my room

The only thing is my room is not here

It's ten till two, the clock won't move

Detention hall is better with beer

I can do it all in my room

I can be a rockstar with a bad attitude

I am the king in my room

I can ground my mom and dad if I choose

Shapow!

How do you like me now?

Shazaam!

I don't think you understand

Shaquick!

Hey, I got a ten inch...tv screen

Only in my room

I've got green, it's in my room

The only thing is my room is not here

Pitching tents inside my pants

And there's a pool of drool by my ear

I can take it all in my room

I can be a quarterback and the coolest guy in school

I can get on down in my room

I can go and freak Rebecca Romijn in the nude

[Chorus]
