

Zebrahead, Type A

Shut up

I'm not like you

Back off

Don't smother me

Fuck this

I see through you

Suffer me through

[Chorus]

Shut up I'm not like you [x3]

Suffer me through

Type a Fly away don't lie

I won't let you get the best of me [x3]

If I try, if I try

(Breathing)

Oh god

I can't stand you

Disappoint you

With me

One day you'll come down too

Suffer me through

[Repeat Chorus]

Shut up

I'm not like you

Back off

Don't smother me

Fuck this

I see through you

Suffer me through

Oh god

I can't stand you

Disappoint you

With me

One day you'll come down too

Suffer me through

I won't let you get the best of me [x3]

If I try, if I try

I won't let you get the best of me [x3]

I tried, I tried

(breathing)
