Zebrahead, Veils & Visions

I crash so hard
Fall so low
Just when things look right
That's when you know that I'm alone
I take the chance
To lose it all
Take a look around me
And you'll see where I have stalled
This is the last time that I'm sayin'

And here's the end
Of the night
Of the line
Won't somebody save me?
Here's the time
Time for more
Time for everything and anything
It's alright
It's alright
And we go on and on and on and on again

The rooms on fire
You lock the door
Your new way of thinking will not get
Me off the floor
Take this time
To take a fall
I've given you my best
And now you won't see that at all
This is the last time that I'm sayin'

And here's the end
Of the night
Of the line
Won't somebody save me?
Here's the time
Time for more
Time for everything and anything
It's alright
It's alright
And we go on and on and on and on again

Back beat
Everybody is changing
I'm so stuck and you are amazing
This is my low
You are the reason
Live to be numb
My fall is the season
Inhale the bullshit
Makes my skin itch but it gets me lit
Don't ya wish that the pieces fit
Like when we were kids

You can't bide lost time
Can't bide lost time
You can't bide lost time
Can't bide yours and mine
You can't bide lost time
Can't bide lost time
You can't bide lost time
Can't bide yours and mine
Mine

Here's the end
Of the night
Of the line
Won't somebody save me?
Here's the time
Time for more
Time for everything and anything
It's alright
It's alright
And we go on and on and on and on
On and on and on and on again
