

Zebrahead, Wasted

Gotta get up

I'm trying to open my eyes

I'm swimming through this haze

That's been around me for days

Don't wanna come down

But you were always around

And everyone's so strange

There is nothing that they can change

[Pre-Chorus:]

Take my hand

Show me how this all fits in your plan

Understand

That I don't need you

I just need to

[Chorus:]

Feel how does it feel

To crush the world in two

One last time

'Cause I am wasted

Feel how does it feel

To scream without a sound

One more time

'Cause I'm still wasted

Get me away

I'm thinking maybe someday

You'll find out who I am

But you don't give a damn

Closing my eyes

It's all the same to me

What I don't want to know

Is what I'm not going to see

[Pre-Chorus]

[Chorus]

Watch the world stop
I drop put my finger on it
Thinking back to the day you said
I could get up on it
Say that you have changed
I'm the same just a little loaded
Comin' in out of phase lost my place
Now I know I've blown it
Fall into a sea of your distress
And I confess that
I take less than your best
But you don't want
To give it away today
Blue sky grey
Nothing that you say
Take another trip
Take another fall
Take it all away

[Pre-Chorus:]

Take my hand
Show me how this all fits in your plan
Understand
That I don't need you
I don't need you
I just need to

[Chorus]
