

Zed, Oh Daisy

Oh Daisy won't you tell me a secret
Tell me something everyone wants to know
I've been sitting here inside the little box in my head
Waiting for an answer, waiting to understand
Oh Daisy won't you tell me a fortune
Living out my dreams of sunny days
I've been living there inside the little box in my head
Waiting for an answer, but Daisy she never talks back

(Chorus)

What you expect from someone who is named after a cow yeah

Go figure

I won't get an answer from someone who is named after a flower

Go figure

Oh Daisy won't you stop acting stupid

I'm getting sick of your whole attitude

Come and sit with me inside the little box in my head

Waiting for an answer, but Daisy she never talks back

Chorus x3

Oh Daisy won't you tell me a secret

Tell me something everyone wants to know

I've been sitting here inside the little box in my head

Waiting for an answer, but Daisy she never talks back.
