

# ZELLA DAY, Mushroom Punch

My baby lives in psychedelic  
Down the street from lizard acres  
He has my heart and tries to sell it  
For a guitar and rolling papers

And I run run run  
And I choo choo choo  
Before somebody else  
Is your somebody new

I run run run  
And I choo choo choo  
Before somebody else  
is making loving to you

All this time I've been waiting  
Making tea for my baby  
What is hot  
Is growing cold

He don't appreciate it  
and I'm aware that I'm crazy  
But ain't that always how it goes

And I drink too much  
And think too much  
No self-control

I'm going to mushroom punch  
my way down the rabbit hole

And I drink too much  
And think too much  
No self-control

I'm going to mushroom punch  
my way down the rabbit hole

He takes his naps in a dimension  
Where I can't reach his full attention  
And while he sleeps I'm busy brewing  
That mushroom tea it's all I'm doing

And I run run run  
And I choo choo choo  
Before somebody else  
Is your somebody new

I run run run  
And I choo choo choo  
Before somebody else  
is making loving to you

All this time I've been waiting  
Making tea for my baby  
What is hot  
Is growing so cold

He don't appreciate it  
and I'm aware that I'm crazy  
But ain't that always how it goes

And I choo choo  
Down the

Choo choo choo  
Down the rabbit hole

Choo choo choo  
Down the  
Choo choo choo  
Down the rabbit hole

All the way down  
All the way down the rabbit hole  
All the way down  
All the way down the rabbit hole

All this time I've been waiting  
Making tea for my baby  
What is hot  
Is growing cold

I know I know he don't appreciate it  
and I'm aware that I'm crazy

But ain't that always how it goes

And I drink too much  
And think too much  
No self-control

I'm going to mushroom punch  
My way down the rabbit hole

And I drink too much  
And think too much  
No self-control

I'm going to mushroom punch  
My way down the rabbit hole

All the way down  
All the way down the rabbit hole  
All the way down  
All the way down the rabbit hole
