

Zendaya, Dig Down Deeper

(Dig down) (Dig Down)
Dig Down deep
And break the streak
(Dig down) (Dig Down)
Dig Down deep
And break the streak
(Dig down) (Dig Down)

You can watch your garden grow
And scim along the surface
and take it slow
Just let nature have its way
Let your little flowers bloom
where they may

If you dig down deeper
(Dig Down Deeper)
Under the ground (Ooo yeah)
Gotta Dig Down Deeper
Girl you can,
if you're wanting to win,
Then you better begin
to dig a little bit dirty
and dig deep down...

(Ooo yeah)
You can keep things as they
always been
And you'll never leave the row
You've been planting in
Take a chance, make the leap
And anything can happen
When You dig down deep

So Dig Down Deeper!
(Oh who yeah!)
Under the ground
(Under the ground....)
Gotta Dig Down Deeper
Girl you can,
if you're wanting to win,
Then you better begin
(Ooo yeah yeah)
to dig a little bit dirty
and dig dig down...

(Yeah yeah) Come on
and dig deep down!

dig down deep
and break streak
dig down deep
and break streak
dig down deep
and break streak
dig down deep
and break streak

So you decide to make your stand,
Step up and put the world to share
They maybe a mark upon your head
No you didn't choose this game...
(Noo!) you don't want to loose this game

Dig Down Deeper (yeah yeah)
Under the ground!
(under the ground)
You Gotta Dig Down Deeper,
Girl you can,
if you're wanting to win,

to dig a little bit dirty
and dig dig down...
