

Zendaya, My All

Are you up now?
I can tell you're flirtin' with me
All them games boys play
Ain't working for me
Only waste my time
If they're certain to me
Lot of boys online
They're searchin' for me
Whassup?
Gotta couple options
But my crush on you ain't going nowhere
I'm really diggin' you
But can you keep it real please
To yourself If I tell you about me

What would you do
Say now would you play games
Then when things change,
Would you cause pain

Would you be there?
Always be there?
For me!

I wanna give you my all
I wanna give you my all

So that's good
Tell me are you ready for me?
We can rock now
Wanna rock steady with me?
Yeah, we can swag it out
Like they do on TV
Swag it on out
Like the magazines
They're thinkin' they're good
Have the time of our lives
But Dad will hunt you down
If you ain't treatin' me right

You're the only one
The only boy that I see
The only that I'll call
Or text 143

What would you do
Say now would you play games
Then when things change,
Would you cause pain?

Would you be there?
Always be there?
For me!

I wanna give you my all
I wanna give you my all

If you got my all
Then you need my all
Say "Aye"
(A-aye!)
If you dig this girl
And you feel this girl
Say "Aye"

(A-aye)
If you treat me right
Wanna hold me tight
Say "Aye"
(A-aye!)
Let me hear you say "Aye"
(A-aye!)
Let me hear you say "A-a-a-a-aye";

But if I give you my all
I wanna give you my all
Oh yeah, for me
I wanna give you my all
I wanna give you my all
