

# Zendaya, Neverland

Whenever I was frightened  
Or if I ever felt alone  
I turned to the night sky  
And a star I call my own  
Somewhere I could run to  
Just across the Milky Way  
If you like I could take you  
It's just a light year and a day

We can sail away tonight  
On a sea of pure moonlight  
We can navigate the stars  
Bring us back home  
In a place so far away  
We'll be young that's how we'll stay  
Every wish is a command  
When we find ourselves in Never Neverland

Through all my make believe  
There's some reality  
In your reflection  
There's much more than you see  
All that you hope for  
You hope for today  
Is the love someone gives you  
In an unconditional way

We can sail away tonight  
On a sea of pure moonlight  
We can navigate the stars  
Bring us back home  
In a place so far away  
We'll be young that's how we'll stay  
Every wish is a command  
When we find ourselves in Never Neverland

Picture a land you never have seen  
Life is eternal and evergreen  
Future of happiness all in your hands  
All in this place I created  
That I call Neverland

We can sail away tonight  
On a sea of pure moonlight  
We can navigate the stars  
To bring us back home  
In a place so far away  
We'll be young that's how we'll stay  
And with your hand in my hand  
I am closer now  
To finding Neverland

And with your hand in my hand  
I am closer now  
To finding Neverland  
Neverland  
Neverland
