

# Zero, The Enemy

Raised by the worlds enemy tonight  
They said in LA we will fight  
If your black or white  
They say your enemy won't die tonight  
The world cries  
Sunlight dies  
So many lies  
So much destruction  
They say

You will be a part of it  
The destruction  
Of the world  
With the enemy  
You will see  
With the enemy  
You will see  
Your wasteland
