

# Zeromancer, Fractured

can't you see my hands are clean  
I'm as holy as can be  
I will never do you harm

I am fractured  
it can't ever be the same  
can't you see my hands  
are clean  
can't you see,  
I'm as holy as can be

What kind of life is this?  
What kind of life is this?

can't you see my hands are clean,  
I'm as holy as can be  
I will never do you harm again,  
I am fractured,  
it can never be the same

What kind of life is this?  
What kind of life is this?

I warned you a thousand times  
it's like crying to the clouds

why are you asking the questions  
you already know the answer to?,  
can't you see,  
my hands are clean

What kind of life is this?  
What kind of life is this?

What kind of life is this?  
What kind of life is this?  
A good life

What kind of life is this?  
What kind of life is this?  
A good life

What kind of life is this?  
What kind of life is this?

A good life  
is a quite life  
A good life  
is a quite life
