

Zeromancer, It Sounds Like Love (But Looks Like

My Jesus is worth more
Than your American whore
Renegade and say it
Is what you can't see
He's gonna save me

Damned if you do
Damned if you don't
That's what the slut
The slut in you wants
Damned if you do
Damned if you don't
That's what the slut
inside of you wants

It's what you can see
He's gonna save me
But if you do

It sounds like love
but it looks like sex
It sounds like love
but it looks like sex

My princess once more
lay you down to adore
how sick and perverted
is it going to get with you

When it sounds like love
but it looks like sex
It sounds like love
but it looks like sex
It sounds like love
but it looks like sex
It sounds like love
but it looks like sex
It sounds like love
but it looks like sex

Damned if you do
Damned if you don't
That's what the slut
The slut in you wants
Damned if you do
Damned if you don't
That's what the slut
inside of you want

Fuck you and your American whore
Fuck you and your American whore
Fuck you and your American whore
Fuck you and your American whore

Sounds like love
but it looks like sex
It sounds like love
but it looks like sex
It sounds like love
but it looks like sex
It sounds like love
but it looks like sex
