

# Zeromancer, Need You Like A Drug

Reject  
Need you like a drug

## Shoot it up

You got a halo hanging over your head  
Nothing can touch you  
Nothing can hurt you

You take the world out of my eyes  
You suck the words outta my mouth  
When we kiss

Need you like a drug  
Need you like a drug  
Can't make it stop  
Keep fucking it up  
Need you like a drug  
Need you like a drug  
Can't make it stop  
Keep fucking it up  
Need you like a drug

Don't ever want to be like you  
You have your friends  
Calling you to stay

Nothing can touch you  
Nothing can hurt you  
Nothing can take your fantasy away

Nothing can touch you  
Nothing can hurt you  
When we kiss

Need you like a drug  
Need you like a drug  
Can't make it stop  
Keep fucking it up  
Need you like a drug  
Need you like a drug  
Can't make it stop  
Keep fucking it up  
Need you like a drug

You keep fucking it up  
It stings like a needle in me  
You keep fucking it up

**Need you like**

Need you like

Need you like a drug  
Need you like a drug  
Can't make it stop  
Keep fucking it up  
Need you like a drug  
Need you like a drug  
Can't make it stop  
Keep fucking it up  
Need you like a drug  
Need you like a drug  
Can't make it stop  
Keep fucking it up  
Need you like a drug  
Need you like a drug  
Can't make it stop  
Keep fucking it up  
Need you like a drug
