

# Zeromancer, Neo Geisha

Play  
Let's play  
It's so cold  
So alone  
Play  
Let's play  
Like there's no tomorrow

Hey Now Now  
My Neo Geisha  
Helter's space

Hey Now Now  
My Neo Geisha  
Helter's space

So give in to the voice inside your head  
Repeating everything you've said  
Give in for the S in suicide  
Give in to the pain  
My Neo Geisha

From the bottom  
Of my inflatable heart  
I'll give you one chance  
One chance  
One chance to pray  
For a happy end that doesn't exist  
For a goodbye that's never been kissed

Hey Now Now  
My Neo Geisha  
Helter's space

Hey Now Now  
My Neo Geisha  
Helter's space

So give in to the voice inside your head  
Repeating everything you've said  
Give in for the S in suicide  
Give in to the pain  
My Neo Geisha

21st century doll  
I catch you right before you fall  
21st century doll  
I see your face in a mirror ball

So give in to the voice inside your head  
Repeating everything you've said  
Give in for the S in suicide  
Give in to the pain  
My Neo Geisha

Hey Now Now  
My Neo Geisha  
Helter's space

Hey Now Now  
My Neo Geisha  
Helter's space
