

Zeromancer, Philharmonic

Sit down, and watch me
I want you, to see me

As your TV
As your TV
As your TV
As your TV

Touched by your static.
You see right, right through me

As your TV
As your TV
As your TV
As your TV

What you hide is what you are,
Have what it takes to be a star, come on
You say there's beauty in a scar,
Now what a stupid thing you are, sometimes

After you get what you want you don't want it anymore
(Is that what you want?)
After you get what you want you don't want it anymore
(Is that what you want?)
After you get what you want you don't want it anymore
(Is that what you want?)
After you get what you want you don't want it anymore

Slow down
Zoom in
Rewind
Do you get the picture?
