NAPALM

To live a perfect life
Gonna burn it all down
So tell me what it's like?
Gonna burn it all down
An angel fall from grace
The blood smeared down her face

Do I make you sick?
It's fucking sickening
Oh you're a pretty bitch but won't put your feet in
You talk that big fight and you play dress up
But you're a daddy's girl
Playing with doll parts

Playing with fucking napalm
Playing with fucking napalm
Playing with fucking napalm
Playing with doll parts
Playing with fucking napalm
Playing with fucking napalm
Playing with fucking napalm
Playing with doll parts

To live a perfect life
Gonna burn it all down
So tell me what it's like?
Gonna burn it all down
An angel fall from grace
The blood smeared down her face

Do I make you sick?
It's fucking sickening
Oh you're a pretty bitch but won't put your feet in
You talk that big fight and you play dress up
But you're a daddy's girl
Playing with doll parts

Doll parts

Playing with doll parts
