

# Ziggy Marley, Let Jah Will Be Done

Everyday is just a day  
To sing your praises  
Everyday is just a day  
To give you glory

So while the faithless fret  
When destruction comes  
Where they gonna run

Let Jah will be done  
Just like the morning sun

Stop your war and stop your cruelty  
This yah judgement a go really dread  
And the wicked think them get away  
But where they gonna run

Let Jah will be done  
Just like the morning sun

I rise in the morning  
And I'm thinking of love  
For all Jah children  
He created us  
And all who don't hear the crying of the poor  
Where them gonna run

Let Jah will be done  
Just like the morning sun

Everyday is just a day  
To sing your praises  
Everyday is just a day  
To give you glory

So while those faithless fret  
When destruction come  
Where they gonna run

Let Jah will be done, just like morning sun  
Just like the evening sun  
Just like the morning sun  
Just like the evening sun
