

Ziggy Marley, Rainbow In The Sky

(CHORUS)

There' s a rainbow in the sky all the time
Don't be blind(be blind, be blind)
there's a rainbow in the sky all the time
Don't be blind(be blind, be blind)
Don't be blind

Says you I'm living in my fantasy
But is you who are blinded from reality
The material world means so much to you
You just can't get what I'm telling you

(CHORUS)

Cause in a town called sorrow there was joy
Yes and there I met the painless tear
Freed he expressed emotions that egos fear
My life is full of colors yeah my mind is clear

(CHORUS)

Found I mercy in every sunrise
I am born again from the womb of the night
All I have I have left behind
Minds eye eyes eye a light will shine

(CHORUS)
