

Zilch, Space Monkey Punks

Somewhere yeah
I heard from the man
Stuck up on the moon
Somebody out there
Who may come home
Real soon

Out of the waves,
Out of the waves,
Out of the waves

Somebody help me
To supersonic boom
Fun-junkies sending Gamma-Rays
Right into your room

Out of the waves,
Out of the waves,
Out of the waves

Some tiny little satellite, some tiny yellow man from Mars
So beam me down into your home
Can't find me when I got to gogogo

(Chorus)
Space Monkey Punks from Japan
Surf the Radio Waves in Garbage Cans
Space Monkey Punks from Japan
Smash the radio waves because we can

1 banana 2 banana 3 banana 4: I'm a Space-Age Playboy

(Chorus)

Ichi ni san ju...all the way from harajuku, I'm a Space-Age Playboy

Some tiny little metal man
Stuck up on the moon
Fun-junkies staright out of Tokyo
Into your room

Out of the waves,
Out of the waves,
Out of the waves,
Out of the waves

Some shiny little satellite
Some tiny metal man from Mars
So beam me down into your town
Can't find me when I got to gogogo

(Chorusx2)
