

Zimowa, You Came Here (IPNOPS - The Dumplings)

You came here
And shook off the cold dust
Had covered me
Prevented me from breathing
Prevented me from breathing
You're a bitter cure
Dissolve anxiety
Watch me behind
when I'll be falling down
I'll be falling down
Into honesty

Now Come Here Why Cure Down Gone

You can't fight
Your longing can't be hidden
Just protect me
With care and with lust
With care and with lust
You're a bitter cure
Faintly know why
I'll lose you
'cause of incongruity
Incongruity
Let me leave

Now Come Here Why Cure Down Gone
Cure Down Gone
Now Come Here Why Cure Down Gone
